

PERFORMANCE CERTIFICATE

We are using total lighting solution from 'Eetamax' for our new facility in Pune.

We have used various types of 'Eetamax' LED fixtures like – Highbays, Office Lights, Streetlight, utility lights etc in this facility.

For our 3 training rooms we have installed 'Eetamax' DALI based dimmable lighting automation system.

We can control individual fixture as per our lux level requirement. All these controls are available on mobile app also. The system is very robust, user friendly & working comfortably since last 1 year.

We are satisfied with the performance, services & technical support of 'Eetamax'

VEGA India Level & Pressure Measurement Pvt. Ltd.
